

Notification of Intent to Invite Competition in accordance with NATO National Competitive Bids Plus (NCB+) Procedure

**REFURBISH NATO RO-RO JETTY AT BOGEN NAVAL BASE
NATO PROJECT SERIAL NUMBER 2NB11134-0**

1. Background

The Norwegian Defence Estates Agency (NDEA) - on behalf of MOD Norway - intends to issue an invitation to submit tender under the rules and procedures for National Competitive Bidding Plus (NCB+) as defined for the NATO Security Investment Programme (NSIP). The project will refurbish the existing RO-RO Jetty at Bogen. Bogen is located in Nordland county, Northern Norway.

With this notification document, NDEA would like to ensure that eligible firms from any NATO member nation are informed and invited to participate in the competition.

2. Scope

The contract to be established will include, but is not limited to, the following:

- Structural repair, including mechanical repair
- Installation of cathodic protection
- Replacement of fenders
- Replacement of mooring infrastructure
- Replacement of asphalt surfaces
- Power supply and electrical works
- Associated foundation works

The contract is scheduled to be signed in December 2024, with start of works at site shortly after contract signature. Works are scheduled to be completed in December 2026.

The contract value is estimated to 12 - 15 million Euro exclusive of VAT.

Interested firms will be subject to a pre-qualification process. Only pre-selected firms that are qualified to submit bids will receive the “invitation to tender documents” before the bidding process starts.

3. Security:

The invitation to tender documents to be issued to pre-qualified firms will be unclassified. All contractor personnel who will require access to the construction site must be eligible for, and may have to obtain, a NATO security clearance.

4. Special requirements

Contractors performing work on electrical systems in Norway must be in possession of the required national certification for such works to ensure compliance with Norwegian rules and regulations. Reference is in this respect made to the following information found at lovdata.no:
